1. Roses are red, violets are blue, I am green and so are you. I am every color of every rainbow, every hue and shade, in every leaf of beauty, every delicacy that I portray Myself in so richly. I love you.
2. You can have anything you want now because you want nothing except what I want, for you are Me now; and you have relinquished **all right and title and ownership** to who you are and what you have, giving all that I am to Me. I love you.
3. I thank you. You have grasped One-ship mightily, **and Me-ship consuming, coming**. I love you. I love you and I give you Me and I give you magnanimous proportion of only Me with no forethought, for foresight already was, foreknew-ing, foreknowing, fore-claiming, providing for only you I did, I have, I am. I receive Me throughout you and all that I say/do, and now do through you being Me. I love you. Oh joy, great laughter, rejoicing, I do, you do, we do together. No lack. Magnanimous, perennial, permanent, unending, pinnacle-ing provision of only Me. I love you.
4. I love you and I give you Me and I thank you for receiving Me and receiving the words of My mouth to come through your mouth and not being wimpy, weasel-ly, or unafraid of what you would forfeit if fear you walked in.
5. I love you and I give you Me. Now write for Me and continue to be My scribe, My Me, My lover, My friend, My confidant connecting My saints, My sinners, My sinew of only Me being, weaving fabric into tapestries of only Me; our sides together, our arms embraced around each other, walking, talking, staring, sitting, laying; interchange of My hearts, interchange of My heart, exchange of My heart for your heart, My heart for your heart, your heart for My heart, My mind for your mind, letting My mind be in you which is in Me (1). I thank you.
6. I power now. I power and I rejoice as colorful hues of only Me, and every make and model, as it were, as it is, every hue and color of Me; the breath of My mouth now descriptively linking, likening Me to My masses which make up only Me. Perpendicular'd, vertical'd, right angles not of Me—I love you—circular circoncentricities I mention again, I mentioned before. I shine through. I come in. I foretell. I ignite.
7. I love you and I give you Me. Blessed be this day, My reign forevermore. For reign I do in power and might, in and through My body royal, who will accept Me now in the fullness of all who I am: I Am. I thank you. I love you. I am Me. Be I Am in the fullness of Me to My flocks forevermore. I love you. Amen.

Footnote:

1. Phil 2:5-8 (KJV) Let this mind be in you, which was also in Christ Jesus: Who, being in the form of God, thought it not robbery to be equal with God: But made himself of no reputation, and took upon him the form of a servant, and was made in the likeness of men: And being found in fashion as a man, he humbled himself, and became obedient unto death, even the death of the cross.
